5. How to Book a Block

URL: lg-pilates.co.uk/how-to-book-a-pilates-block/

"Block durations for Pilates sessions may vary, typically lasting between 4 to 6 weeks. The specific length of each block is determined based on school holidays and the availability of our venues and instructors.

Consequently, the price is subject to change for each block.

We recommend contacting us to inquire about the dates, prices and length of the next block. As spaces tend to fill up quickly, reserving your spot in advance is highly advisable."

"View T&Cs" link, then the same class schedule table as section 4, then "Please don't hesitate to reach out to us."

6. Frequently Asked Questions

URL: lg-pilates.co.uk/frequently-asked-questions/

An accordion FAQ widget with a search box. All 5 questions and answers, in order:

Do i need to bring a mat?

Yes if you have one. Don't worry if not, spare mats can be provided.

Is the class suitable for beginners?

The class is suitable for all levels. You will need to specify if you are a beginner to the instructor beforehand. The instructor can adapt exercises depending on your experience and ability.

What do i need to wear?

Wear comfortable clothing that you can move around in easily. In the colder months it is a good idea to wear layers that you can remove if necessary.

Do you offer a pay as you go option?

It is advised to book a block to secure your place. Pay as you go option is at a higher rate per class and is dependent on availability.

The blocks fill up fast, so to avoid disappointment, block booking is recommended.

What if i miss a class?

Where there is availability, you can make up your class in one of the other sessions. You have to make up your class within the block.

If there is no availability a catch up video class will be provided via a private YouTube link.

LG Pilates provides new catch up classes for every new block.
